Notice: Operation instruction of Schedule on/off function

	■ Go to Setup mode (Press “Setup” button in Thumbnail) ■ Press Up and Down move to “Set Date & Time” and press “Enter” to setting display.
	■ Press Up and Down move to “Auto on” or Auto off” and press “Enter” to set hour first. ■ Press Up and Down to adjust the number. ■ Press left and right to shift to next setting ■ When setting is finish, press “Setup” button back to Thumbnail mode

NOTE: “Schedule on/off “means to set up the sleep time and wake up the device as scheduled. It can only work when power switch is set to on (which means you have to turn on the power to run the function).
